## **Policy on our ban on Photographs and Video Recording within our Service.**

We respect your privacy and your rights to control your personal data and your child's personal data.

Not all parents are comfortable with pictures of their children appearing on social media sites or for others to have photographs of their child/ren on their phones or cameras. Some staff also may not be comfortable with their picture being taken or video recorded.

Therefore, we have introduced a **total ban on Parents/Guardians taking photographs of children while attending any of our services in Clann Aire.**

Parents/Guardians are requested **NOT** to bring their Mobile Phones or Cameras to any of these occasions. Please do not put any of our Practitioners in a position to have to ask you to please put away your phone or camera.

You are asked to please respect this policy when attending a party or celebration in our Centre.

***"The only real treasure is in your head.***

***Memories are better than diamonds and nobody can steal them from you"***
